

REFLECTION by BR. RAYMOND BLIXT, FSC TOGETHER AND BY ASSOCIATION

We have been gifted and chosen to serve as care-givers, mentors, and guardians for all the youth who have been entrusted to our care. To protect, guide, support our youth is to walk with them in times of trouble, trauma, fear and pain and see them through safely to the “other side.” Being helpers and healers for our youth will allow them to begin to experience the companionship and nurturing that they desperately seek and need. When we walk with them, we will also grow with them and the bond of trust that is born will allow miracles to happen.

Even when our comprehension of the scope and depth of what each of our youth individually need is limited, the loving intentions with which we enter into our role as guardians, protectors and mentors will insure that our care and protection will provide wellbeing and hope so that our youth can live day to day with dignity and grace. This is our Lasallian Mission. This is the awesome responsibility our Founder gives to each of us as his legacy....

“You have been chosen as Guardian Angels for the care and protection for all who have been entrusted to you. And so dear and precious are the youth under your care that you would be willing to give your very life for their wellbeing and salvation,”
